Chapter 11

Case No. 16-11767-CMA

ORDER DENYING TRUSTEE'S EX  
PARTE MOTION TO SHORTEN TIME

THIS MATTER came before the Court on the Trustee's *ex parte* Motion to Shorten Time [Dkt. No. 1685] (the "Motion to Shorten Time") for a hearing on the Motion for Order Authorizing the Sale by Auction of Miscellaneous Property of the Estate Free and Clear of all Liens, Claims, Interests, and Encumbrances [Dkt. No. 1682] (the "Auction Motion"). The Trustee seeks a hearing on the Auction Motion on Friday, June 1, 2018. The Trustee filed the Motion to Shorten Time after 5 p.m. on Friday, May 25. Since May 28 was a federal holiday, the earliest any party could receive notice of the proposed hearing is today, May 29. Conducting a hearing three days later would deprive interested parties the opportunity to review and respond

**Below is the Order of the Court.**

1 to the Auction Motion. The Trustee effectively seeks approval of the Auction Motion *ex parte*  
2 without identifying any basis for entering the requested relief without meaningful notice.

3 Moreover, given that the date of the auction identified in the Auction Motion has been known for  
4 weeks, the Trustee does not explain why he waited until now to seek permission to authorize the  
5 sale of additional items at the auction. Absent an explanation, the Court concludes the Trustee  
6 has created or exacerbated any exigent circumstances. For these reasons, it is hereby  
7

8 ORDERED that the Motion to Shorten Time is DENIED.
